### References

We were the exclusive sanitation manufacturer and service company for the 1996 Summer Olympic Games in Atlanta, Georgia; Woodstock '99 in Rome, New York; Air Shows; the 2003 Phish Concert in Lewiston, Maine; the 2004 Phish Concert in Newport, Vermont; 15 years as the Sanitation Contractor for the New Orleans Mardi Gras; most natural disasters from 1973 to the present; plus several hundred thousand smaller events over the last 30 years.
Mini Toilet

and

Holding Tank
Privacy Shelter

The Mini Toilet can be used with or without the Modesty Shelter.
A WATERLESS SANITATION SYSTEM COMBINATION Option A
Model FPT 300 with MRF 555

For use in disaster relief or when you have remote sanitation requirements with unreliable service and have no water at your site!!!

OUR MINI UNIT CAN BE INSTALLED IN OUR PORTABLE TOILETS, TRAILERS, ABOVE OR UNDERGROUND WORK SITES IN PLACE OF A CERAMIC TOILET

Our re-circulating flush unit has a 25 gallon capacity, is constructed of fiberglass, has dimensions of 25” wide x 19” deep x 21” high, with a weight of 18 lbs empty.

Mini-Flush Self Service Toilet
Dump Valve
Side Handles
Removable Top
Mini Fits Through Portable Toilet Door

Mini MRF 555

Shipped Completely Assembled With 1 Gallon of Sanitation Chemical, Free Hand Sanitizer and Four Rolls of Toilet Paper

A sanitation system that is easy to ship, install and keep clean.

The combination allows the user to control the frequency of service.

Longer times between servicing can be attained with multiple Model MRF 555 Mini Toilets.

COMPLETELY ASSEMBLED
A WATERLESS SANITATION SYSTEM COMBINATION  Option A

Model FPT 300 and Model MRF 555 Combination  (Patent Pending)

This combination is shipped with a flat floor and 4” x 4” runners with lag bolts.

Note:
This Mini Toilet is best picked up and emptied before it is half full. Larger holding tanks do not necessarily make life easier.

Uncle Jon Waterless Dry Flush Toilet

One Year Parts and Labor Warranty

21” High x 18” Deep x 17” Wide
Weight 34 Lbs.

Each Cartridge has Forty (40) Flushes
There are Eight Cartridges in Every Case of Cartridges
There are 320 Dry Flushes in Every Case of Cartridges

Cottages - Mines - Natural Disasters - Bed Ridden People
Our **Uncle Jon** unit is the **original dry flush toilet** needing no water, chemicals, or electrical hookup. This unit has no complicated mechanism, requires only a simple enclosure for privacy, has been approved for use in both underground and surface mines, guard shacks, trailers, etc. and is the perfect toilet for use by disaster victims, rescue workers and refugees while water and sanitary services are being restored.

The **Uncle Jon** uses a replaceable plastic cartridge hidden under the seat that provides approximately 40 flushes. After the cartridge is used up, the storage container and its contents can be disposed of easily and cleanly.

- **No Water Needed**
- **No Freezing**
- **No Chemicals Needed**
- **No Electricity or Gas needed**
